### Local Committee

A. Metin Ger, Ph. D, Professor, Istanbul Aydin  
University, Co-Chair  
Pınar Yildirim, Ph.D, Istanbul Aydin University  
Beste Kocak Dinc, Ph.D, Istanbul Aydin University  
Yusuf Kaya, Research Assistant, Beykent University

### Conference Official Journals

Papers presented at ICCM2026 are all invited to submit to the following Journals for publication, which will be subjected to independent peer review following the journal's policy.

[International Journal of Computational Methods \(IJCM\)](#)

### ICCM2026 Timeline

Deadline for Abstract Submission Apr 30, 2026  
Deadline for Early-Bird payment Apr 30, 2026  
Deadline for regular payment Jul 20, 2026  
Deadline for final abstract/paper Jul 26, 2026  
Conference Dates Aug 16-20, 2026

## Topics of Interest

Topics include, but are not limited to:

- ✧ Computational solid and structural mechanics
- ✧ Computational fluid dynamics
- ✧ Multiphysics and multiscale modeling
- ✧ Meshfree and particle methods
- ✧ Finite element, finite volume methods, and other methods
- ✧ Machine learning methods, techniques, and algorithms
- ✧ Computational methods in materials science
- ✧ Fracture, damage, and failure modeling
- ✧ Optimization and inverse problems
- ✧ Uncertainty quantification and stochastic methods
- ✧ Data-driven and machine-learning-based computational methods
- ✧ High-performance and parallel computing
- ✧ Computational biomechanics and biomedical engineering
- ✧ Computational methods in geomechanics
- ✧ Emerging computational techniques and applications

## Welcome

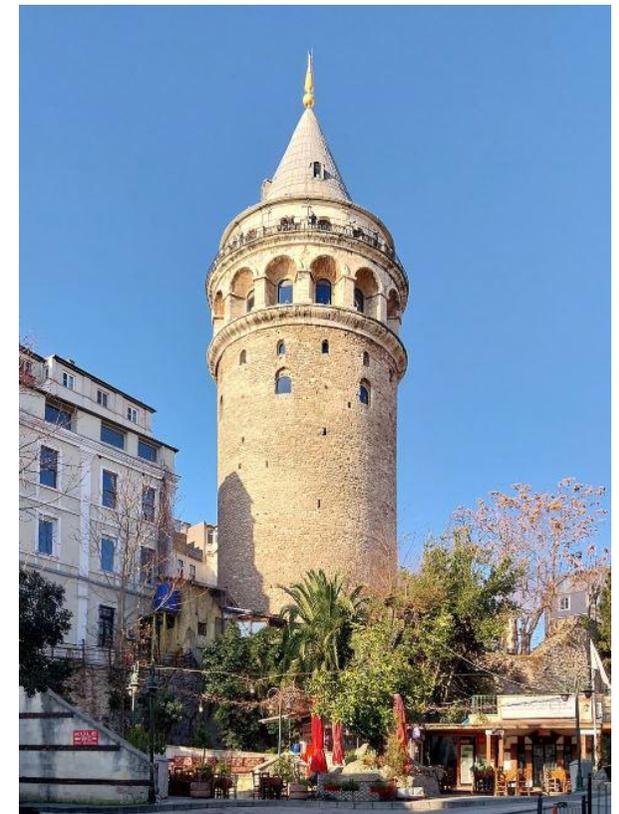

The ICCM organization team would like to welcome all scholars worldwide to exchange ideas, methods and techniques. Authors are invited to submit papers online at <http://www.sci-en-tech.com/ICCM/>. All abstracts/papers will be subject to peer review before accepted for presentation at ICCM2026.

The ICCM proceedings will be published online with a permanent number of ISSN 2374-3948.

## About ICCM

**The International Conference on Computational Methods** is an international forum dedicated to the exchange of ideas on recent advances in computational methods, numerical modelling & simulation, and their applications in engineering and science. ICCM welcomes presentations covering a broad range of topics, promoting interdisciplinary collaboration across science, engineering and related fields, and fostering diverse forms of academic cooperation.
